DISCLAIMER	xi
Opening Prayer	xiii
Chapter 1—Creation	1
The impossibility of something coming from nothing by itself!	3
How could God have created out of nothing?	7
Some scientists say that they do not know how some things hold together.	11
Chapter 2—The Bible	15
Can you prove the credibility of the Bible for yourself?	17
Manuscript evidence	18
Archaeological evidence	19
Prophetic evidence	20
Statistical evidence	26
The evidence of lives changed by the influence of those who accept the Bible	27
The evidence of lives changed by the influence of the Bible alone	28
Non-Biblical evidence	30
The evidence based on the existence of the Jewish nation	30
The evidence based on the existence of the Jewish people	33
Is the Bible full of errors and contradictions?	35
The Contradictions	36
How could men accurately record words supposedly inspired by God and then pass these words accurately down through time?	39
Chapter 3—Explanations based on the Bible	41
Did God define His existence as a Trinity in the Bible?	43
Did God define spiritual death in the Bible?	53
How could two of every kind of animal fit on Noah's Ark?	57
A short glossary of phrases	61
Chapter 4—Jesus, the Messiah	63
Why did Jesus have to be born of a virgin?	65
Did Jesus die spiritually and physically on the cross?	71

Did Jesus become sin on the cross or was He a sin-offering?	79
Why is Jesus the only way to God?	85
Response 1: Per Jesus:	85
Response 2: Per the Bible, as a whole:	85
Response 3: A Logical view:	86
Section 1: Why does having many ways to God not make logical sense?	87
Section 2: Why does having only one way to God make logical sense?	88
Section 3: A perfect God provided a perfect plan for man's salvation	89
Section 4: The inappropriate notion: God does not provide everyone with the knowledge that they need to accept Jesus	89
Why are there four gospels in the Bible?	91
Did Jesus claim to be God, the Son of God, or the Messiah?	97
What might the resurrected-glorified body of Jesus consist of?	103
The impact of the beatings and floggings of Jesus just before His crucifixion on His not being recognized after His resurrection	107
Chapter 5—Evil and Suffering	111
How could God allow evil and suffering?	113
Chapter 6—Free Will	117
On Judgment Day, how will God, the Son, probably respond to nonbelievers who say that they never had a chance to know Him?	119
How can I have free will if I did not choose to be born?	123
Can God make a rock so large that He cannot handle it?	131
Computer analogy: How the brain and mind might be related	134
Chapter 7—Science	135
Did God use evolution to create Adam and Eve?	137
Was the Adam-before-Eve probably different from the Adam-after-Eve?	141
What do the Bible and science say about the age of the Earth?	147
Are there any scientific principles in the Bible?	151
Rebuttal of a rebutter's rebuttal of the booklet <i>101 Scientific Facts & Foreknowledge</i>	161
Conclusion	167
What did this author hope to accomplish with this version of the <i>Last Call</i> ?	169
ENDNOTES	177
